SW Cor SEC 36-103-17

This corner was originally established by Deputy Surveyor William Anderson of the U.S. General Land Office in 1854. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1997 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug by hand 2654.39' south of W 1/4 corner of section 36. Located a capped 15471 iron at this location. Iron is in agreement with I-90 R/W map and TH No. 16 R/W plans. Accepted iron at a perpetuation of original PLS corner and tied it off.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
