Deputy Surveyor John Taylor of the U.S. General Land Office originally established this corner in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

1951 Mower County records state a concrete monument was in place.

2000 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with Mower County backhoe, on centerline of CSAH No 14. They uncovered a pointed stone 5′ below road surface. Set a 5/8″ iron next to monument. Set a 5/8″x 16″ iron 0.4′ below road surface. Took new ties.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
