DOCUMENT NO. _____

M.H.D. FORM NO. 2105

SW Cor Sec 12-101-14

This corner was originally established by Deputy Surveyor John Taylor of the U.S. General Land Office in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

Mower County records show a concrete monument inplace.

1999 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe at the intersection of centerlines of C.S.A.H. No. 11 E-W and township road N-S. Located a concrete monument with a ½" pin in the center 1.5' below road surface. Placed a cast iron monument over monuments found at road surface.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.

For electronic survey data and analysis, contact the firm of Jones, Haugh, and Smith Inc.
