By _____, Deputy

DOCUMENT NO. _____

M.H.D. FORM NO. 2105

SE Cor Sec 19-101-14

This corner was originally established by Deputy Surveyor John Taylor of the U.S. General Land Office in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder

No record of this corner was obtained from the above mentioned offices.

1999
Land Consultants personnel searched area with a magnetic locator. This corner is reestablished at the intersection of the longstanding North/South fence and doubling the distance from the Northeast corner of the Northeast Quarter of Southeast Quarter and fence corner located at the Southeast corner of the Northeast Quarter of Southeast Quarter. Electronic measurements to adjoining land corners and the majority of the property splits indicate that this position is accepted as perpetuation of the Public Land Survey corner.

For electronic survey data and analysis, contact the firm of Land Consultants of Southern Minnesota, Inc.
