STATEMENT OF EVIDENCE

N 1/4 corner Sec 31-101-14

This corner was originally established by Deputy Surveyor John Taylor of the U.S. General Land Office in 1853. The government notes show a wood post was set with a mound of earth and trench.

The following were contacted for section corner information:
Mower County Highway Dept
Mower County Recorder's Office
Zenk Engineering
Tucker Land Surveying

1965 Mower County Highway Department tie book shows a concrete monument inplace at N 1/4 corner.

1991 Jones, Haugh & Smith crew dug with County backhoe on the centerline of roads north & south, east & west. A 5/8" diameter iron was found over a 5" diameter concrete monument. Left both monuments as found and set cast iron monument near road surface.

The monument found is in agreement with the records and fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
