STATEMENT OF EVIDENCE

NW corner Sec 32-101-14

This corner was originally established by Deputy Surveyor John Taylor of the U.S. General Land Office in 1853. The government notes show a wood post was set with a mound of earth and trench.

The following were contacted for section corner information:
Mower County Highway Dept
Mower County Recorder's Office
Zenk Engineering
Tucker Land Surveying

Mower County Highway Department tie book shows a concrete monument inplace and has the following ties:
50.1' NNE to gate post
51.0' NNW to gate post

1991 Jones, Haugh & Smith crew dug with County backhoe and found a 5/8" diameter iron over a 1" diameter pipe. Left monuments as found and set cast iron monument near road surface.

The monument found fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
