DOCUMENT NO. _____

M.H.D. FORM NO. 2105

SW Corner Section 35-T101N-R14W

Deputy Surveyor Andrew Talcott of the U.S. General Land Office originally established this corner in 1849. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Department
Mower County Recorder
Tucker Land Surveying

1995 Jones Haugh and Smith crew found no evidence of the corner. Using information from the C.M. St. Paul and Pacific Railroad map and previous surveys in the area, a location was determined for this corner. A traverse was run around the section and a breakdown was made and given to Cedric Schutz of Land Consultants Inc.. He set a ½"x24" iron pipe.

2000 Jones Haugh and Smith crew found monument in good condition.

2004 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, found the subject corner in good condtion.

The monument set is in agreement with the record and is accepted as best evidence of a perpetuation of the original public land survey corner.
