DOCUMENT NO. _____

M.H.D. FORM NO. 2105

SE Cor Sec 29-101-15

This corner was originally established by Deputy Surveyor John Quigley of the U.S. General Land Office in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

Mower County Highway Department records show a stone at this location.

1999 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe at the intersection of centerlines of C.S.A.H. No. 6 E-W and township road N-S. Uncovered two 8"x6" stones. Continued digging and found no other evidence of the original PLS corner. Reset stones and placed a 5/8" iron capped 13807 in between stones. Placed a cast iron monument at road surface above 5/8" iron set.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
