STATEMENT OF EVIDENCE

SE cor Sec 27-101-15

This corner was originally established by Deputy Surveyor John Quigley of the U.S. General Land Office in 1853. The government notes show a wood post was set with a mound of earth and trench and handfull of small stones.

1941 Mower County Highway Department records show a concrete monument at this location.

1994 Jones, Haugh & Smith Inc crew under the direction of John H. Schulte IV, RLS 13807, dug with the county backhoe on centerline of CSAH No. 6 and Township Road. Found Harrison monument below bituminous at roadbed surface. Removed monument, continued digging, found concrete monument with iron pin 1.5 feet below road surface.

Left concrete monument as found and re-set Harrison monument over concrete monument. Set cast iron monument over monuments found.

The monument fit occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
