DOCUMENT NO. _____

E 1/4 Cor Sec 17-101-16

This corner was originally established by Deputy Surveyor Charles Phipps and Edward Fitzpatrick of the U.S. General Land Office in 1854. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

Mower County Highway Department road plan shows an inplace 3/4" iron rod.

1999 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug by hand at the centerline of C.S.A.H. No. 7 N-S and in line with line fence east. Dug to a depth of 1.5' and located a 3/4" iron. Placed a cast iron monument above iron found at road surface.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
