E 1/4 Cor SEC 22-101-16

This corner was originally established by Deputy Surveyors Elisha S. Norris of the U.S. General Land Office in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1996 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe on centerline of township road and in line with field divisions E-W. Dug a 3'x12' hole 4.5' deep to virgin soil and found no evidence of PLS corner. Placed a cast iron monument on a straight line between the NE corner of section 22 and the SE corner of section 22. Corner is in line with field division E-W and township road N-S.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
