DOCUMENT NO. _____

M.H.D. FORM NO. 2105

E1/4 Corner Section 25-T101N-R16W

Deputy Surveyor Charles Phipps and Edward Fitzpatrick of the U.S. General Land Office originally established this corner in 1854. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Department
Mower County Recorder
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

2003 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug 4.5' E-W X 8' N-S X 3' deep, with county backhoe at centerline fence crossing and found buried wire E-W-N. Used fence lines East and West as best evidence of original PLS corner and set CIM on centerline road in line with fences East and West.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
