DOCUMENT NO. _____

N 1/4 Cor. Sec. 32-101-16

Deputy Surveyor Charles Phipps & Edward Fitzpatrick of the U.S. General Land Office originally established this corner in 1854. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

Mower County CSAH No. 6 road plans show a P.I. at 2644.6' West of NE corner on the section line.

2002 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug at location of signal from magnetic locator and found a nail @ distance of 2644.30'. Continued to dig and uncovered a ½" iron 1.50' North of nail and 1.7' deep. JHS crew set 5/8"x 16" with cast iron monument over ½" iron found. Took new ties.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
