S 1/4 Cor SEC 35-102-17

This corner was originally established by Deputy Surveyor John Ball of the U.S. General Land Office in 1854. The government notes show a wood post was set with a mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Zenk Engineering
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1995 Jones, Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe at the CL of township road E-W and in line with field divisions North and South. Dug to virgin soil and found no evidence of original PLS corner. Placed a cast iron on the CL of road and in line with field divisions North and South.

The monument fit occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
