E 1/4 Cor SEC 31-101-17

This corner was originally established by Deputy Surveyors Charles Phipps and Edward Fitzpatrick of the U.S. General Land Office in 1854. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Zenk Engineering
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1996 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe at CL twp. road and in line with fence to the north, but found no evidence of the corner. Set a 5/8" iron on the CL of the road in line with the fence to the north.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.

For electronic survey data and analysis, contact the firm of Jones, Haugh and Smith Inc.
