M.H.D. FORM NO. 2105 BOOK 92 PAGE 182

Book 92 Misc Page 182

E 1/4 Cor SEC 34-101-17

This corner was originally established by Deputy Surveyors Charles Phipps and Edward Fitzpatrick of the U.S. General Land Office in 1854. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Zenk Engineering
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1996 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, found a three way fence intersection. Accepted fence intersection as best evidence of the original corner and set a cast iron monument at the ground surface in line with fences N-S-W.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
