STATEMENT OF EVIDENCE

N 1/4 corner Section 16-101-18

This corner was originally established by Deputy Surveyor William I. Anderson of the U.S. General Land Office in 1853. The government notes show a wood post and a charred stake were set with a mound of earth and trench. The following ties were taken:

14" Burr Oak S 84 1/4°E 273 links (180.18 ft)

The following were contacted for section corner information:

Mower County Highway Department
Mower County Recorder
Zenk Engineering
Tucker Land Surveying

No information was obtained to support evidence of a perpetuation of the original public land survey corner.

1991 Jones, Haugh & Smith Inc. crew under the direction of John Schulte dug with the County backhoe for 1991 Mower County Highway Department Grading Project County State Aid Highway #5 SAP #50-605-10. A harrison cast iron monument was found 1.5' below road surface. Continued digging and uncovered a 7/8" diameter iron and wood stake 3' deep in virgin soil. Reset cast iron monument as found.

The cast iron monument found was set by MHD in 1976 and a certificate by Marlow McGowan RLS #11527 was filed in Mower County Recorder's Office.

The monument found fits occupation and road centerlines within the section and agrees with the 1976 corner certificate and is accepted as a perpetuation of the original public land survey corner.
