Book 91 Misc Page 560

NW Cor SEC 36-101-18

This corner was originally established by Deputy Surveyor William Anderson of the U.S. General Land Office in 1854. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Zenk Engineering
Tucker Land Surveying

Mower County R/W plans show a corner in place at this location.

1976 JHS survey shows a position for corner at this location.

1996 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, found a cast iron monument at this location which was set after CSAH 6 was regraded. Corner is in agreement with 1976 survey notes, with CSAH #6 R/W plans, and TH. #218 R/W plans and is accepted as a perpetuation of the original PLS corner.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
