STATEMENT OF EVIDENCE
S¼ corner Section 36-101-18

This corner was originally established by Deputy Surveyor Andrew Tallcott of the US General Land Office in 1853. The government notes show this corner was marked with a wood post in a mound of earth with a trench.

The following were contacted for section corner information:

Mower County Engineering Department
Mitchell County Engineering Department
Mower County Recorders Office

Plat of the original town shows corner was found.

Mower County Engineering Office, county road project shows an iron was found.

Mitchell County Engineering Office said through telephone conversation they uncovered an iron monument and took ties.

1987 Jones, Haugh & Smith crew uncovered a 5/8" diameter iron. Continued digging and uncovered no further evidence of public land survey corner.

The monument found agrees with the plat distance of the original town and agrees with records from Mitchell County and Mower County Engineering Departments.

For electronic survey data and analysis, contact firm of Jones, Haugh & Smith
