COUNTY RECORDER _____

By _____, Deputy

DOCUMENT NO. _____

M.H.D. FORM NO. 2105

NE 1/4 Cor SEC 3-102-14

This corner was originally established by Deputy Surveyor John Taylor of the U.S. General Land Office in 1854. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1997 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug on centerline of E-W township road and township road north, dug 4'x12' hole 4.0'+/- deep to virgin soil and found no evidence of PLS corner. Set corner on centerline township road E-W and centerline township road north. Set 5/8"x16" iron with cast iron monument 0.40' below road surface.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
