DOCUMENT NO. _____

M.H.D. FORM NO. 2105

E 1/4 Cor Sec 11-102-14

This corner was originally established by Deputy Surveyor John Taylor of the U.S. General Land Office in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1880 C.E. Clausen Mower County Surveyor records show a corner at this location.

1997 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug by hand at the intersection of fence lines north and fence lines E-W. Located the remains of a wood corner post and a rock to the east side of it. Placed a 5/8"x24" iron with a cast iron monument on the south side of the rock at the surface.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
