NW Cor SEC 21-102-14

This corner was originally established by Deputy Surveyor John Taylor of the U.S. General Land Office in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

1970 Mower County records state inplace magnetic monument over rock P.I. 5.0' east of section corner.

1995 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, located monument with locater. Cut bituminus. Found monument 0.50' below road surface. Did not locate P.I. as stated in Mower County records.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
