DOCUMENT NO. _____

M.H.D. FORM NO. 2105

E 1/4 Cor Sec 33-102-14

This corner was originally established by Deputy Surveyor Charles Phipps and Edward Fitzpatrick of the U.S. General Land Office in 1854. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

Mower County C.S.A.H. No. 14 road plan shows an inplace concrete monument.

05/16/00 Jones, Haugh, and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with Mower County backhoe at the centerline of C.S.A.H. No. 14 N-S and inline with field division east. Dug to virgin soil and found no evidence of the original PLS corner.

06/16/00 Jones, Haugh, and Smith crew placed a 5/8" iron on a straight line between the NE and SE section corners at a proportional distance to Mower County C.S.A.H. No. 14 road plan.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
