By _____, Deputy

DOCUMENT NO. _____

M.H.D. FORM NO. 2105

NW Corner Section 4-T102N-R15W

Deputy Surveyor John Ball of the U.S. General Land Office originally established this corner in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

2004 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug a large hole at the intersection of fence line west and the centerline of field road south. Found no evidence of the original PLS corner. Accepted said intersections as best evidence of the original PLS location. Placed a cast iron monument at this location. Corner is 24' +/- south of a straight line between the Northwest Corner of Section 5and the Northeast Corner of Section 4.

The monument is in agreement with the record and is accepted as best evidence of a perpetuation of the original public land survey corner.
