DOCUMENT NO. _____

M.H.D. FORM NO. 2105

SE Cor Sec 30-102-15

This corner was originally established by Deputy Surveyor Charles Phipps and Edward Fitzpatrick of the U.S. General Land Office in 1854. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1999 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe at the centerline of C.S.A.H. No.4 and the centerline of township road south. Uncovered a large rock 3.5' deep. Continued digging and found no other evidence of the original PLS corner. Placed a capped 5/8" iron #13807 on the east side of rock found. Placed a cast iron monument above rock at road surface.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
