STATEMENT OF EVIDENCE

NE corner Sec 1-102-16

This corner was originally established by Deputy Surveyor John Ball of the U.S. General Land Office in 1853. The government notes show a wood post was set with a mound of earth and trench.

The following were contacted for section corner information:
Mower County Highway Dept
Mower County Recorder's Office
Zenk Engineering
Tucker Land Surveying

1955 Mower County Highway Dept tie book shows a concrete monument inplace over a stone. The following ties were taken:
51.2' NE to PP
47.9' SW to PP
42.6' NW to CFP
44.0' SE to steel fence post

1991 Jones, Haugh & Smith crew dug with County backhoe and found concrete monument 12" deep. Left monument as found and placed cast iron monument near road surface and new ties were taken.

The monument found is in agreement with the records and fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.

For electronic survey data and analysis, contact the firm of Jones, Haugh & Smith Inc.
