DOCUMENT NO. _____

M.H.D. FORM NO. 2105

N 1/4 Corner Section 7-T102N-R16W

Deputy Surveyor John Quigley of the U.S. General Land Office originally established this corner in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

2003 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807 dug with backhoe at the signal from the locator. Uncovered a ¾"x14" pipe. Continued digging and found a large stone. Placed a 5/8"x16" rebar capped #13807 on the north side of stone. Placed a 5/8"x16" rebar with cast iron monument above 0.60 feet below road surface.

The monument is in agreement with the record and is accepted as best evidence of a perpetuation of the original public land survey corner.
