DOCUMENT NO. _____

M.H.D. FORM NO. 2105

N 1/4 Corner Section 8-T102N-R16W

Deputy Surveyor John Quigleyof the U.S. General Land Office originally established this corner in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

2003 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807 dug with county backhoe at the location of a signal from metal locator and uncovered railroad spike. Continued digging and located a large field stone at a depth of 3 feet +/-. The stone was 2.40 feet west and 0.40 feet north of railroad spike found. Placed a 5/8"x16" rebar capped #13807 on the south side of stone. Placed a 5/8"x16" rebar with cast iron monument 0.60 feet below road surface over stone.

The monument is accepted as best evidence of a perpetuation of the original public land survey corner.
