COUNTY RECORDER _____

By _____, Deputy

DOCUMENT NO. _____

M.H.D. FORM NO. 2105

N 1/4 Cor Sec 13-102-16

Deputy Surveyor John Quigley of the U.S. General Land Office originally established this corner in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

Mower Co. road plan shows no corner at this location and no existing fence lines or occupation. Set the corner at a split of a straight line between the NE cor and the NW cor sec 13-102-16.

2001 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, checked area with metal locator and found nothing. Set a CIM at the split of a straight line between the NW and NE corners. Took new ties.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
