STATEMENT OF EVIDENCE

$W\frac{1}{4}$ corner Section 17-102-16

This corner was originally established by Deputy Surveyor John Quigley of the United States General Land Office in 1853. The government notes show this corner was marked with a wood post in a mound of earth with a trench.

The following were contacted for section corner information:
Mower County Highway Department
Mower County Recorders Office

1989 Jones, Haugh & Smith Inc. crew together dug with the Mower County backhoe operator a hole 4' x 8'x 5' deep and found no further evidence of public land survey corner or a perpetuation thereof.

Therefore we placed a 5/8"Ø x 16" iron capped RLS 13807 at the midpoint of a straight line between northwest & southwest section. This location fits occupation road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.

For electronic survey data and analyaia, contact firm of Jones, Haugh & Smith.
