STATEMENT OF EVIDENCE

W 1/4 corner Sec 12-102-17

This corner was originally established by Deputy Surveyor William Anderson of the U.S. General Land Survey Office in 1854. The government notes show this corner was marked with a wood post and a mound of earth with a trench.

The following were contacted for section corner information:
Mower County Engineering Department
Mower County Recorder's Office

1952 Book "A" of the County Engineer's Office shows an iron stake over a stone and tile inplace.

1962 North-south road PI was set 9.0 feet east of 1/4 corner.

1963 Road plan concrete monument.

1985 Jones, Haugh & Smith crew found concrete monument 1.7 feet deep. Placed a concrete monument on centerline of north-south road surface over monument found.

Corner found fits east-west road centerline and agrees with past records. Therefore accepted corner as best evidence of a perpetuation of the public land survey corner.

For electronic survey data and analysis contact the firm of Jones, Haugh & Smith Inc.
