Statement of evidence relative to this corner location is on back of page.

STATEMENT OF EVIDENCE

N1/4 Corner Section 30-T102N-R18W

This corner was originally established by Deputy Surveyor William I. Anderson of the U.S. General Land Office in July, 1854. At 2640 feet, set section post, deposited charcoal raised mound of earth with trench and pits, as per instructions, planted Cherry NE Locust SW.

No previous information was found in Mower County Records.

26 August 2003: Jones, Haugh & Smith crew computed position of corner at the intersection of fence to the South and East. The monument fits occupation lines within the section and is accepted as best evidence of the location of the original Public Land Survey corner.

April 8, 2025: Jones, Haugh & Smith crew recovered a 5/8" rebar & yellow cap stamped 22705. Checked existing ties and left 5/8" rebar & yellow cap stamped 22705 in place.
