DOCUMENT NO. _____

M.H.D. FORM NO. 2105

E 1/4 Corner Section 6-T103N-R14W

Deputy Surveyor John Taylor of the U.S. General Land Office originally established this corner in 1853 . The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Department
Mower County Recorder
Tucker Land Surveying
Massey Land Surveying

2004 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, the corner is located in a plowed field. Information was used from Massey Land Surveying and occupation location from JHS to compute a location for this corner. The North-South location of the corner is in the lost position and the East-West location is from the information from Massey Land Surveying.

The monument set is in agreement with the record and is accepted as best evidence of a perpetuation of the original public land survey corner.
