By _____, Deputy

DOCUMENT NO. _____

M.H.D. FORM NO. 2105

NE Corner Section 2-T103N-R15W

Deputy Surveyor John Ball of the U.S. General Land Office originally established this corner in 1853 . The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Department
Mower County Recorder
Tucker Land Surveying

2004 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with Boe Brothers backhoe at centerline of township road east-west and centerline of township road north-south. Uncovered a field stone 3.5' below road surface. Accepted stone as the best evidence of the original PLS corner. Placed a 5/8"x16" rebar capped #13807 on the east side of stone found. Placed a 5/8"x16" rebar with cast iron monument over stone 0.6' below road surface.

The monument is in agreement with the record and is accepted as best evidence of a perpetuation of the original public land survey corner.
