NE Cor SEC 4-103-15

This corner was originally established by Deputy Surveyor John Quigley of the U.S. General Land Office in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Zenk Engineering
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1930	Mower Co. Hwy. Dept. notes show a corner at this location.
1960	MHD I-90 R/W map shows a T-post over a stone monument at this location.
1994	Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug by hand at the CL of township road E-W and uncovered a 1.5"x1.5" iron bar 1.5' deep in accordance with the 1960 MHD record.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
