M.H.D. FORM NO. 2105

Southwest Corner Section 10 - T103N - R15W

July 1853 - John Quigly, Deputy Surveyor, set a post and built a mound with a hand full of small stones in center for the southwest corner of Section 10-T103N-R15W, during the original public land survey.

1932 - A.C. White, RLS, located a rock and broken tile at the southwest corner during a survey for C.A.R. C-8 (now CSAH No. 2).

1960 - Mower County Highway Department notes show a concrete monument inplace at the Southwest corner.

December 1980 - Jones, Haugh & Smith survey crew assisted by Mower County Highway Department personnel found a 5/8" ø iron in concrete over a rock, broken tile and oak stake and placed a 4" diameter cast iron marker over the concrete marker.

The above corner agrees with occupation lines and existing road centerlines and has been used and recognized as the corner in several surveys, it is accepted as a perpetuation of the public land survey corner.

The electronic survey data and details of the analysis of this corner are in the private records of Jones, Haugh & Smith Inc.
