W ¼ Cor Sec 24-103-15

Deputy Surveyor John Quigley of the U.S. General Land Office originally established this corner in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

1998 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, located a PK nail 11.1' north of St. Hwy. 16 centerline set by Ray Tucker. Corner is in agreement with DOT Hwy plan. Removed PK nail and placed a 5/8" x 16" iron capped 22705.

2001 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, located 5/8" iron capped 22705. Took new ties.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.

For electronic survey data and analysis, contact the firm of Jones, Haugh and Smith Inc.
