DOCUMENT NO. _____

M.H.D. FORM NO. 2105

SE Cor Sec 35-104-16

Deputy Surveyor John Ball of the U.S. General Land Office originally established this corner in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

Mower County records show a large rock in place at this location.

2002 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe on the centerline of east/west road and the centerline of north/south road. Uncovered a large rock with 1" X 1" shaft on the north side down 2.0'+/-. Set 5/8" X 16" iron with cast iron monument over rock and shaft 0.60'+/- below road surface.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
