DOCUMENT NO. _____

M.H.D. FORM NO. 2105

S 1/4 Cor Sec 7-103-16

This corner was originally established by Deputy Surveyor John Quigley of the U.S. General Land Office in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

Mower County has no record of corner.

2004 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug by hand at corner fence post of line fence north & east. Uncovered field stone on the west side of wood post. Stone fit fence lines north & east and was accepted as the true corner. Set a 5/8"x24" iron with a cast iron monument on the east side of stone.

The monument fits occupation, fence lines north & east and is accepted as best evidence of a perpetuation of the original public land survey corner.
