W 1/4 Cor SEC 24-103-16

This corner was originally established by Deputy John Quigley the U.S. General Land Office in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Zenk Engineering
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1979 Mower County records in indicate a 3/4" iron was found by Jones Haugh and Smith in 1979.

1995 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe on CL N-S road. Uncovered a bent 1/2" iron. Continued digging to virgin soil but found no other evidence of the PLS corner. Accepted 1/2" iron as best evidence and replaced it with a cast iron monument.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
