SE Cor SEC 20-103-16

This corner was originally established by Deputy Surveyor John Quigley of the U.S. General Land Office in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

No record of this corner was obtained from the above mentioned offices.

1997 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe on centerline of N-S and centerline of E-W township roads. Dug a 6' x 10' hole down to virgin soil, and found no evidence of PLS corner. Set 5/8" x 16" iron with cast iron monument on centerline of township road N-S and centerline of township road E-W.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
