STATEMENT OF EVIDENCE

$E\frac{1}{4}$ corner Sec 7-103-17

This corner was originally established by William I. Anderson, Deputy Surveyor for the U.S. General Land Office, in 1854. The government notes show corner was marked with a wood post and ties were taken to bearing trees marked:

10" Burr Oak N 5^{o} E 625 Links
13" Burr Oak S 7^{o} W 388 Links

March 1987 Jones, Haugh & Smith Inc contacted the following for corner information:

Mower County Highway Department
Mower County Recorder
Ray Tucker, Land Surveyor

The following information was obtained from the Mower County Highway Department:

1942 during County Road Grading Project no evidence of corner was found.

1987 Jones, Haugh & Smith Inc crew dug at the last location and found no evidence of the corner. Therefore established corner using lost methods, setting corner on a straight line between northeast and southeast corners at the midpoint.

Monument set fits occupation and road centerline within the section and is accepted as a perpetuation of the original public land survey corner.

For electronic survey data and further analysis, contact Jones, Haugh & Smith Inc.
