By _____, Deputy

DOCUMENT NO. _____

M.H.D. FORM NO. 2105

SW Corner Section 19-T103N-R16W

Deputy Surveyor John Quigley of the U.S. General Land Office originally established this corner in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Department
Mower County Recorder
Tucker Land Surveying

No record of this corner was obtained form the above mentioned offices.

2003 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with backhoe at the centerline of 240th Ave. and field division south. Located a ½"x1/4"x36" flat iron. Lowered iron found and placed a 5/8"x16" rebar with cast iron monument 0.60' below the road surface and over the monument found.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
