STATEMENT OF EVIDENCE

SW corner Section 7-103-17

This corner was originally established by William I. Anderson, Deputy Surveyor for the U.S. General Land Office, in 1854. The government notes show the corner was marked with a wood post and ties were taken to bearing tree marked: 8" Burr Oak S 34° E 450 Links, 10" Burr Oak N 33° W 440 Links.

March 1987 Jones, Haugh & Smith Inc contacted the following for corner information:

Mower County Highway Department
Mower County Recorder
Ray Tucker, Land Surveyor

1987 Jones, Haugh & Smith Inc crew uncovered a 5/8"ø iron on road surface. Removed and continued digging at a depth of 2 feet below road surface. Uncovered a 6" diameter heavy wall pipe in a nest of stones in virgin soil. 6" pipe was 2.2 feet west and 0.5 feet south of 5/8"ø iron found on road surface. Set cast iron monument over 6" diameter pipe.

The monument fits occupation and road centerline within the section and is accepted as the best evidence of a perpetuation of the original public land survey corner.

For electronic survey data and further analysis, contact Jones, Haugh & Smith Inc.
