S 1/4 Cor SEC 26-103-18

This corner was originally established by Deputy Surveyor William Anderson of the U.S. General Land Office in 1854. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Zenk Engineering
Tucker Land Surveying

Mower County Highway Department records show a stone monument inplace.

1965 Jones Haugh and Smith crew located a field stone with a drill hole and took ties.

1981 Jones Haugh and Smith crew found a capped 5/8" iron located in curb and gutter in agreement with 1981 ties.

1996 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, located corner south of curb at gutter surface. Found a capped 5/8" iron cap #13807.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
