DOCUMENT NO. _____

M.H.D. FORM NO. 2105

W 1/4 Corner Section 14-T104N-R14W

Deputy Surveyor John Taylor of the U.S. General Land Office originally established this corner in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Minnesota Department of Transportation
Mower County Highway Dept.
Mower County Recorder
Fangman Land Surveying

U.S. Highway Number 63 road plan shows the corner projected P.O.S.T 552+92.4

1987 Fangman Land Surveying placed a 1" x 20" iron at the west quarter corner of the section.

2003 Jones, Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug at the location of locator signal and located a 1" iron 126 feet east of U.S. Highway Number 63 centerline. Left as found.

The monument is in agreement with the record and is accepted as best evidence of a perpetuation of the original public land survey corner.
