M.H.D. FORM NO. 2105

E 1/4 Corner Section 22-T104N-R14W

Deputy Surveyor John Taylor of the U.S. General Land Office originally established this corner in 1853 . The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Department
Mower County Recorder
Tucker Land Surveying

2004 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, used information shown on Trunk Highway #63 R/W map to place a 5/8"x16" rebar with cast iron monument at ground surface. Highway map shows the corner is located 307.0' east of P.O.T. station 4999+89.4 at an angle of 81°15' turned from north to east from the centerline of Trunk Highway #63.

The monument set is in agreement with the record and is accepted as best evidence of a perpetuation of the original public land survey corner.
