COUNTY RECORDER _____

By _____, Deputy

DOCUMENT NO. _____

M.H.D. FORM NO. 2105

E1/4 Cor Sec 7-104-15

Deputy Surveyor John Quigley of the U.S. General Land Office originally established this corner in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

1930 C.S.A.H. No. 10 County Road Plan shows no monument at this location.

2002 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with county backhoe at this location and found large spike with ribbon at 1 foot below road surface. Continued digging and found no further evidence of PLS corner. Set 5/8" monument with cast iron head at location of found spike at road surface.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
