SETH WECKMAN
Minnesota License No. 57085

Statement of Evidence:

North Quarter Corner of Section 30, Township 104 North, Range 15 West, 5th Principal Meridian, Mower County, Minnesota.

1853 - John Quigly, Deputy Surveyor for the U.S. General Land Office, set a post in mound of earth with trench per instructions, put small handful of stones and planted Osage orange seed in SE corner.

2024 - Records in Mower County Courthouse, Mower County Highway Department and MnDOT offices were searched and no information was found since the original public land survey was done.

2024 - Westwood Professional Services found a 4" cast iron monument, 1' below road surface. The found monument fits north/south occupation lines and east/west road centerline well. The found monument appears to be commonly accepted as the corner. Holding the cast iron monument as the corner location and established 3 local reference ties.

Analysis of the recovered data, field evidence and survey measurements, indicates that the monument found is the correct perpetuation of this corner. For additional information concerning this corner please contact Westwood Professional Services.
