By _____, Deputy

DOCUMENT NO. _____

M.H.D. FORM NO. 2105

E ¼ Cor Sec 15-104-16

Deputy Surveyor John Fitzpatrick of the U.S. General Land Office originally established this corner in 1853. The government notes show a wood post was set with mound of earth and trench.

The following were contacted for section corner information.

Mower County Highway Dept.
Mower County Recorder
Tucker Land Surveying

2001 Jones Haugh and Smith crew, under direction of John Schulte, Mower County Surveyor RLS 13807, dug with Mower County backhoe, at the intersection of centerline of CSAH No. 7 and a distance of 2642.00' north of the SE cor. Found no evidence of original PLS corner. Set corner according to Co road plan of a distance of 2642.00' north of SE cor, on a straight line between the SE and NE corners. Set a 5/8" iron with a CIM over it at road surface. Took new ties.

The monument fits occupation and road centerlines within the section and is accepted as best evidence of a perpetuation of the original public land survey corner.
